

## *How Sailing Lessons Work:*

OYC instructors will provide basic sailing instruction on either a 23' or 27' keelboat.

US Sailing Certified Instructors will guide students in becoming competent in:

- ☑ Safety on the water
- ☑ Crew overboard recovery procedures
- ☑ "Right of Way" rules
- ☑ Nautical terminology
- ☑ Sailing theory
- ☑ How to properly rig a sailboat
- ☑ Raising, & trimming the mainsail and jib
- ☑ Points of sail
- ☑ Sailboat basic maneuvers
- ☑ Reefing
- ☑ Tides and currents
- ☑ Docking and departing a slip
- ☑ Basic knot tying
- ☑ Safe marina procedures
- ☑ Equipment regulations
- ☑ Aides to Navigation
- ☑ Nautical chart reading

YOUR PASSION. ORGANIZED.

## *OYC's Learn to Sail Course includes:*

Both classroom and "on-the-water" components allow the student to learn the basics of sailing and safe seamanship. Students will pilot a keel boat through various points of sail. They will learn how to trim the sail for maximum efficiency for a given wind speed and wind angle and how maneuver the boat through a preset course.

The Oceanside Yacht Club's Learn to Sail Program places emphasis on having fun while learning the principles of sailing.

The course includes a student study manual. At the beginning of the program, participants will be issued a one-month "Boarding Pass" during which time they may enjoy the hospitality of the clubhouse as guests

***Sunsation*** is the Oceanside Yacht Club's 27' keelboat

Classes are limited to 4 students per session.

**(Minimum of 2 students necessary to form class.)**
